

# synbiobeta CHINA 2016

## Synthetic Biology Conference, June 14 - 17

SynBioBeta conferences foster the growth of the **synthetic biology** ecosystem and industry in China by catalyzing relationships between entrepreneurs, academia, industry, policy makers and investors.

**Tsinghua University - Uniscenter**  
Beijing, China  
June 14, 11:15 – 15:30

**Shanghai Jiaotong University**  
Shanghai, China  
June 16, 9:00 – 13:00

**Shenzhen Institutes of Advanced Technology**  
Shenzhen, China  
June 17, 13:00 – 17:00

During these events, you will discover who is taking the lead in the synthetic biology industry for China and gain insight on the current trends and opportunities for commercialization, sales, partnering, and investment. Speakers from a number of industries, including biopharmaceuticals and agriculture, will be discussing applications such as automation tools, including CAD, and new DNA synthesis methods. You will also learn about intellectual property protection, the ethics of genome editing, and the investment landscape.

### SynBioBeta Activate! China Speakers Include:

**Chen Yang**  
Shanghai Institutes for Biological Sciences

**Edward You**  
FBI - Biological Countermeasures Unit

**George Chen**  
Tsinghua University

**James Schroeder**  
China Innovate

**Jeffrey Hung**  
Vigene Biosciences

**Jiahao Huang**  
Nuclera Nucleics

**Junbiao Dai**  
Tsinghua University

**Ling Hua**  
Dupont

**Lionel Clarke**  
UK Synthetic Biology Leadership Council

**Max Hodak**  
Transcriptic

**Omri Amirav-Drory**  
Twist Bioscience

**Paul Freemont**  
SynbiCITE

**Richard Hammond**  
Cambridge Consultants

**Richard Kitney**  
SynbiCITE

**Teng Li**  
BluePHA

**Tiangang Liu**  
Wuhan University

**Yi Wu**  
Tianjin University

**Zhen Xie**  
Tianjin University
